MEET THE 2024-2025 PARTICIPATION COUNCIL

We really value your opinion & voice - the OIS PC members are always open and available to connect with the larger OIS community of both teachers and parents. Your voice is important to us and only together with you, teachers and parents of OIS, we can reinforce our contribution to support OIS as the best education environment for all our children and their teachers.

MS. ANGELIQUE PODSTAVNYCHY

Teacher OIS –
"Wearing the hat of both parent and teacher, I have come to understand the vital importance of parents and teachers working together as partners. A partnership like this allows for effective communication and strong relationships focused on supporting the academic, emotional and social development of our OIS students."

MR. PETER MIHM

Parent at OIS –
"I am a PC member because this is a way for parents to have a voice in our children's education, connect with the school community and make a positive impact on the school as a whole."

MR. KEVIN LOBBEZOO

Parent at OIS –
"I became part of the Participation Council to actively engage with and support our school community, leveraging my Dutch background to contribute towards its continuous enhancement"

MS. DENISA STOICAN

Parent at OIS –
"Making a contribution to the wonderful OIS community & supporting OIS initiatives and policies to benefit our children, teachers and parents is really rewarding and valuable to me."

MS. BETHAN CHEWTER

Teacher assistant and ICT Coordinator OIS –
"I have been working in education for the last 15 years, with a focus on Learning support. I am a parent of a bilingual child and understand the struggles that a child and parents can face when helping a child learn. Being able to work alongside those on PC will allow for communication and development of our school community, for students, staff and parents."

MS. MARIËLLE WELTINGS

Teacher OIS –
"I joined the participation council at our school because I believe that a child's development requires an optimal school environment, achievable only through strong collaboration between teachers and parents. It's crucial for parents to have a platform to voice their perspectives and share their insights with the school. As a teacher, I am confident that I can contribute valuable insights and help create a more inclusive and effective educational environment. "

Do you want to know more about OIS PC activity? Scan the QR code to find out more!

We encourage the OIS community of parents and teachers to read more about the activity of the OIS PC or to contact us through the dedicated email address. We look forward meeting you in person during the next school year!

Did you know you can contact the OIS PC members throughout a dedicated email address?
