Meeting Notes:

1	AI Policy Introduction The introduction of an AI policy was discussed. The policy is currently focused on staff and aims to promote ethical and responsible use of AI, noting that most AI tools are intended for users aged 13 and above. Bethan will continue developing a broader digital literacy policy with a focus on students. The AI policy will be shared and further reviewed within the PC team.

2	Survey Results IGVO and DEP Discussion The results of the survey regarding the IGVO restyle and DEP discussion were reviewed. Many parents indicated a need for a clarification discussion, which may have influenced the outcomes. Feedback shared by Denisa reflected questions and concerns from multiple parents. It was agreed to monitor the situation over the coming weeks and to place stronger emphasis on the positive aspects of the IB curriculum.
3	IGVO Update An update was provided on IGVO. The school is now officially an IB Candidate School and has entered the IB accreditation trajectory. Collaboration has started with an interior architect for the design of the new building, and the recruitment process for staff will begin soon.
4	Teacher Survey – School Hours Bethan shared the results of the teacher survey regarding the proposed new school hours. The results clearly show that the majority of staff support the introduction of the new school hours. The parent representatives of the student council will now prepare a survey to collect feedback from parents on this proposal.
5	Student Numbers, Strategy and Anne-Marie presented an overview of current student numbers and emerging trends. These insights will be used to inform strategic decisions around organisation and staff formation in light of the new curriculum.
6	Any Other Business No additional items were raised.
