PLACEMENT OF STUDENTS

Students are usually placed in a chronologically age-appropriate class. The guidelines for this group selection are contained below. For ease this is taken from the annual point of birthdays from October 1st until 30th September.

Within the International Primary Curriculum (IPC), units and learning objectives are broken down into 'Mileposts' (MP) with each milepost spanning one or two academic years:

- * EY groups 1
- * MP1 groups 2 and 3
- * MP2 groups 4 and 5
- * MP3 groups 6 and 7

Within the International Primary Curriculum (IPC), units and learning objectives are broken down into 'Mileposts' with each milepost spanning one or two academic years. Within our Mileposts we have one or more groups and where necessary combination groups.

Students will be placed in a class/milepost along with other students of the same or similar ages. This is usually the best place for academic, social, behavioural, and emotional development of children and it enables them to thrive and learn best from the curriculum. Exceptions to the age guidelines are made infrequently and only upon careful evaluation by the Director of Optimist International School and the Leader of Learning.

When joining our school during the school year we ask that the new student makes an initial visit to the school and the classroom ahead of the start date to meet the teacher and his/her peers. During the first few weeks each student will be assessed and based upon these assessments, we may recommend that they are placed in a different group. Teachers and parents will discuss this change and the reason for the advice before it takes place.
