

MEET THE OIS PARTICIPATION COUNCIL (PC)

The Participation Council (PC) has been an integrated party of OIS since its establishment, more than 5 years ago.

With a strong and equal representation from both teachers and parents, OIS PC is running its activity in strong accordance with the PC and OIS school regulations. The PC focuses entirely on the school related matters and policies, not individual cases. The summary of the key topics discussed during PC meetings, which are crucial to the activity of OIS, are published online.

We really value your opinion & voice - the OIS PC members are always open and available to connect with the larger OIS community of both teachers and parents. Your voice is important to us and only together with you, teachers and parents of OIS, we can reinforce our contribution to support OIS as the best education environment for all our children and their teachers.

MS. BETHAN CHEWTER

Teacher assistant and ICT Coordinator OIS -
"I have been working in education for the last 15 years, with a focus on Learning support. I am a parent of a bilingual child and understand the struggles that a child and parents can face when helping a child learn. Being able to work alongside those on PC will allow for communication and development of our school community, for students, staff and parents."

"As a member of the PC, I would love to create a close-knit community among parents, teachers, and administrators creating a strong support network that enriches the school environment for all our children.
