SCHOOL FEES POLICY

Optimist International School (OIS) offers primary education within an English-speaking environment, embedded in a Dutch context. We welcome applications from families all over the world, who can demonstrate the need for their children to be educated in English, thus ensuring continuity in their education.

OIS offers an international program, for which we provide education in accordance with the framework of the International Early Years Curriculum (IEYC) and the International Primary Curriculum (IPC), whereas we use the British National Curriculum for language and mathematics.

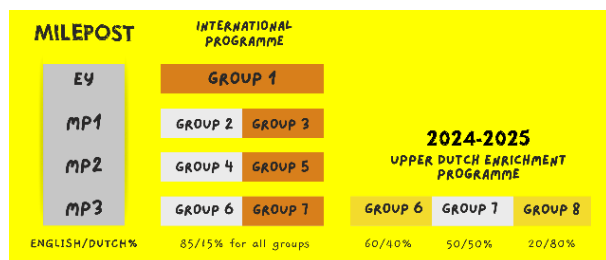

Additionally, from Group 6 onwards students have an option to follow our Dutch Enrichment Programme (DEP), tailored for students looking to further engage in Dutch society, offering opportunities to enhance their academic Dutch proficiency within their education at OIS.

The aim of the DEP is to provide a smoother transition to secondary education in the Netherlands. Further information about our learning opportunities can be found on our [website](#).

Our primary school spans from:

- * Group 1 to Group 7 in the international programme, catering to children from the ages of 4 to approximately 11
- * Group 1 to Group 8 in the Dutch enrichment program, catering to children from the ages of 9 to approximately 12

Information about group placement can be found on our [website](#).

These programs are accessible at a reasonable cost, thanks to specialized funding from the Dutch Ministry of Education.

OIS is a member of DIS, Dutch International (Primary and Secondary) Schools (www.dutchinternationalschools.nl)

Additionally, annual tuition fees, aligned with Dutch International Primary Guidelines, cover extra essential services such as:

- Mathematics specialists in school
- Multilingual language learning (MLL) specialists in school, including English as an Additional Language (EAL (English as an Additional Language)) support and support in the mother tongue
- Dutch language subject teachers in school
- Extra classroom assistance by teaching assistants in classes
- In-house care services provided by our dedicated team, including a School Counsellor, School Doctor and nurse, and School Coach

These fees also contribute to maintaining small class sizes and hiring educators with international teaching experience and qualifications. Our commitment to providing a modern, nurturing, and encouraging learning environment is paramount.

RE-ENROLMENT OF STUDENTS FOR THE NEXT ACADEMIC YEAR

Annually, in March families receive a re-enrolment questionnaire seeking their intentions for the next school year. **A response is requested by 1 April.**

Once the family's intentions are known and if they have indicated they will remain in school we will follow the payment option choice they have selected in the re-enrolment questionnaire.

Final confirmation must be made by 1 May and from there onwards the school fees policy applies to the coming academic school year. Families unable to confirm will not have a guaranteed place for the next year.

WITHDRAWING FROM THE SCHOOL AND REFUNDING

Should you decide to withdraw your child(ren) from our school, we kindly request that you initiate the process by sending an email to Info@optimist-international-school.nl.

The Admissions Team will then facilitate the withdrawal procedure and provide guidance through your Family's Open Apply portal. Our team is available to help whenever needed.

Following completion of the necessary steps, the Admissions Team will schedule a brief conversation to discuss the reasons for your decision and offer support with your transition. While we aim for students to finish the academic year whenever feasible, the realities of international life sometimes necessitate unexpected moves that require families to

withdraw their children during the school year. These circumstances can be beyond anyone's control, making such decisions inevitable.

The following notice period for withdrawal applies:

- * A notice period is required before you leave; at least **six weeks' notice is necessary if you leave between the beginning of the school year and 1 April**. We stipulate that the notice period is either served in school or paid in lieu of the 6 weeks fees.
- * **If you leave later in the school year after 2 April and until the end of the school year** when the re-enrolment process is completed, a notice period of at **least eight weeks' notice is necessary**. We stipulate that the notice period is either served in school or paid in lieu of the 8 weeks fees.
- * If you give notice of withdrawal during the summer holidays, after confirming a place for the next academic year, the deposit fee will be retained by the school in lieu of a notice period.

REFUND OF SCHOOL FEES

If a family decides to leave the school before the end of the academic year, a refund of a portion of the school fees paid will be determined according to the following guidelines:

Refunds are processed only if all financial responsibilities have been fulfilled and the required notice period specified in both the Admissions and School Fees Policy has been adhered to. In instances where either or both conditions have not been met, the registration deposit fee will be withheld to address any financial deficit.

Date of calculation: If a student leaves **before 15th** of the months, school fees for that month will be refunded, as per the refund policy. If a student leaves **after 15th** of the month, only the school fees for the following month will be refunded.
