

## Activity program 2

Beste ouder(s), verzorger(s),

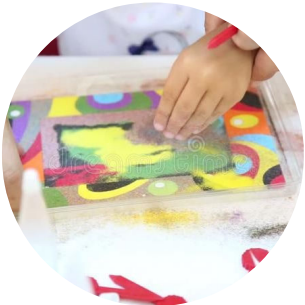

On the 15th of January we start with our new activities. This is the second activity program of UniKidz.

With pride we present to you our new activity program. We made a beautiful and fun mix of our different labels: FitKidz, SkillsKidz, SoulKidz en MindKidz.

Please send your choices via this link: <https://forms.office.com/e/Y75KV3FQpN>

Thanks in advance.

Team UniKidz Floriande

### STEAM

**16.00 - 17.00 o'clock**

During Steam you choose a challenge. Children work in pairs or threes to think about the challenge. First a plan or design is made and then they start working on the details, building a working prototype. This prototype is then tested and improved until the result receives the team's approval. The end result is presented to the entire group. The possibilities and variations are endless. Ask the children to build and program a robot that can move and each team will come up with a unique design. This activity will be together with Irina.
