BEAUTY & SPA

16.00 - 17.00 uur

A wonderful hour of relaxation and relaxation for you! During these lessons, attention is paid to your external care, your face, hair, skin and nails. The lesson is taught by teacher Irina

4-12

STEAM

16.00 - 17.30 uur

During Steam you choose a challenge. Children work in pairs or threes to think about the challenge. First a plan or design is made and then they start working on the details, building a working prototype. This prototype is then tested and improved until the result receives the team's approval. The end result is presented to the entire group. The possibilities and variations are endless. Ask the children to build and program a robot that can move and each team will come up with a unique design.

BALLGAMES

15.30 - 16.15 uur

Do you already know all the ball games? Think of football, handball, volleyball, basketball, etc. Ball games are active games played with a ball. They can be played both indoors and outdoors and often actively contribute to a child's motor development. The lesson is given by Elwin Team Sportservice Haarlemmermeer

4-12

SUSTAINABLE CRAFTS

16.00 - 17.00 uur

There is no denying that crafting is fun, but it is usually not the most sustainable children's activity. Paper is being devoured on an assembly line and plastic markers are also not easy to get hold of. We would like to see a change in this and that is why in this article we will delve deeper into the phenomenon: sustainable crafting. How do you ensure that not only your children enjoy crafts, but also the climate? What about all those empty jars, bottles and cans that you may have at home? Or old magazines, empty boxes, corks, old clothes, magazines, clips, strings, strings, ribbons or lids. There are probably a lot of old things in your house that can be turned into great craft supplies. The climate is happy, because you don't have to buy new products.
